Description

A smart and very well made antique military campaign style mahogany cabinet. This was made in England, it dates from around the 1930's. The quality is superb, this is a great size and is a very practical item. It is perfect for use as a low sideboard or tv cabinet. The front has dummy drawer fronts which open out into doors, revealing a large double width internal space with a wide shelf. The mahogany has a lovely colour tone and patina, offset nicely by the brass hardware. The back is also nicely finished, so this can be used as a free standing item. We have had this re-polished, it is in excellent condition for its age. Width – 46 inches , 117 cm Depth – 16 inches , 41 cm Height – 25 inches , 63 cm
