Description

A large 3 leaf extender, twin pillar dining table. Unusually with an extending mechanism making it stronger, they normally use brass clips/forks. Really, good model of table too as all seats fit nicely and no one has to sit with a wooden leg knocking their knees, offering much more comfort when dining. All sizes are in inches...with no leaves 68 long, 44 wide and 30 tall. It takes 3 x 18 inch leaves giving a total length when all leaves are used of 120 inches. A very versatile table. Delivery to England Wales and Scottish borders via courier service £100.00. Thank you for looking.
