Dimensions in cm: Height 10 cm x Width 7 cm x Depth 7 cm Weight 0.03 kg Dimensions in inches: Height 4 inches x Width 3 inches x Depth 3 inches Weight 0.9 troy oz Malachite is an opaque, green banded mineral. It is believed to be a strong protector of children. It protects the wearer from accidents and protects travellers. Malachite has been used to aid success in business and protect against undesirable business associations. It is a stone of balance in relationships. Malachite is always green, usually in banded tones varying from very dark green to a mellow green. Malachite has been mined in large quantities from the Urals in Russia, in Africa (Congo, Gabon, Zambia, Namibia), Mexico, Australia, Israel, Lyon in France and Arizona in the United States. Ancient Egyptians, Greeks and Romans used malachite for jewellery and ground it to use as eye shadow. It is us...
