Price

**Sold****Item Reference: SA1132385****Date of manufacture: 17th Century**

### Dimensions

Height = 7 cm (2.8")

Width = 22.5 cm (8.9")

## Description

A fine needlework in wools and silks on a silk background depicting a central bird with floral display and a butterfly, beautiful work in good condition with minimal fading, some small holes to the background silk as is common with works of this early date. A piece of great charm that was probably a panel from a casket, in a Dutch style wavy black frame with gold slip, some repair to the frame. English Circa 1660 Height 7cm ( 2 3/4") frame size 14cm ( 5 1/2") Width 22.5cm ( 8 3/4"). frame size 31cm (12")

Internal Ref: mm72
