

SA113288

A George II Walnut Bureau

Price

Sold**Item Reference: SA113288****Date of manufacture: 1700**

Description

A handsome George II walnut bureau with stepped interior and secret compartments in removable centre section. This bureau is unusual in that rather than having lopers to support the fall, the two small drawers either side of the top drawer act as lopers would, to give support. Each drawer has pretty inset veneered chevron decoration and later brass plate handles which are a good match for what would have been there originally. The overall colour is good and there is a nice wax finish to this good early 18th century bureau. Circa 1730. If you are interested in this item, it is wise to enquire straight away. Listed items are advertised elsewhere and are constantly being sold and withdrawn from the site. Dimensions: 40" width (102cm) 23.5" depth (60cm) 41" height (104cm)

Internal Ref: A4607
