

SA1133150

Antique Omega gun metal pocket watch and chain

Price

Sold**Item Reference: SA1133150****Date of manufacture: 1900**

Description

Antique Omega gun metal pocket watch and chain. The watch has an Omega stem-winding movement which is working nicely. The movement is protected by an inner cover which has a couple of short scratches. The watch measures 41mm diameter excluding the winding stem and the loop, so smaller than a standard 50mm pocket watch. The case is gun metal with rose gold highlights and it is in good condition. The inner case back has the early Omega logo. The glass lens is in good condition, just a couple of minor marks. The dial is in good condition. The watch comes with a double chain, with each length of chain measuring 23cm plus the large clasp. The watch and chain come in a vintage presentation box.
