Depth = 40 cm (15.7")

Description

A wonderful antique Victorian marble top mahogany cylinder pedestal cabinet. This was made in England, it dates from around the 1840-1850 period. It is of great quality, with a smart and useful design. The cylindrical shaped body sits on a plinth base with a beautifully moulded top edge. There is an inset white marble top surface, the built in door covers around half of the base and opens to reveal a single shelf storage space. This is a great size for use as a bedside cabinet or lamp table in any setting around the home. We have had this recently re-polished, the condition is excellent for its age. There are just some minor marks here and there remaining beneath the polish, commensurate for age. Width - 16 inches , 40 cm Depth - 16 inches , 40 cm Height - 28 inches , 71 cm

Internal Ref: 10209
