## Description

A beautiful matching pair of Arts and Crafts octagonal mirrors with hand beaten copper frames. Each frame has a raised repousse border and they have their original bevelled glass which is slightly worn in places, giving a nice aged patina. They are in good original condition with no major damages. There is some tarnishing around the frames and some small dinks, dents and minor surface marks but nothing detrimental. They have been lightly cleaned and polished and are ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
