Description

This is an exceptional example of a gents solid 9ct gold wristwatch made by the world renowned Crown Jewellers Garrard of London. This watch is in perfect new condition, we do not think it has ever been worn. The hallmark dates its manufacture to 1969. The 25 Jewel fully automatic movement is an absolute gem, made by the Swiss ETA company who supply this same movement for many of Omegas watches. The silver star burst dial is original and perfect it has gilt hands and markers. As you would expect from the Crown jeweller the solid 9ct gold case is robust and of exceptional quality, it is water resistant and has an armoured glass, this was Garrards flagship watch. This is an exceptional find, it would make a wonderful present. Garrard are one of the most exclusive retailers in the world and this watch certainly has that understated elegance which resonates class. The watch case measures 35mm wide not including the winder. The movement has just been serviced and is running like new and keeping excellent time. This is a superb collectors piece. We offer a highly personalised and bespoke service.
