Description

A charming antique Welsh oak two-door cupboard. The front features two small drawers with brass knobs, positioned above a two-door cabinet section. The cabinet doors have recessed paneling and small brass knobs. The cupboard is constructed from solid oak with a rich, dark patina, showing signs of age and wear. Raised on square feet, it is a well-proportioned and solid example. Item Ref; M-5971 . DIMENSIONS: Height - 98.5cm / Width - 100cm / Depth - 53.5cm . CONDITION REPORT: In good antique condition overall, showing expected signs of age. There is surface wear, including age-related marks and scratches throughout. There is a hole to the bottom left side of the piece (pictured), which was historically repaired with a cut piece of tin. Likewise, there is a patch on the back, also featuring a cut tin repair (pictured). Some historic woodworm is present on the back; however, this is long inactive and has been treated as a precaution by our carpenter.
