Description

A charming antique walnut chest of drawers, made in England and dating from around the 1880-1900's. It is of very small proportions, perfect for use as a bedside chest or occasional side table. The walnut has a lovely colour tone, this sits on cabriole legs and has beautiful brass handles. The second drawer down has compartments inside. They could probably easily be taken out & I should think they were added later. We have had this re-polished, it is in excellent condition for its age, with some minor wear remaining beneath the polish here and there. Width – 18 inches , 46 cm Depth – 13 inches , 33 cm Height – 23 inches , 58 cm
