Dimensions

Height = 206 cm (81.1")

Width = 128 cm (50.4")

Description

Probably made as a bedspread and at some point has had a frilly edge attached to hang down over the sides of the mattress. Looks to be of matrimonial significance as features a man and woman in a scene of courtship, with the man playing a guitar while the lady accompanies him on the trumpet. Very charming folk art. 4'3" x 6'9"
