Description

A high class vintage diamond engagement ring. The diamond in the centre - graded by IGI as E colour, SI1 clarity - is almost impossibly white and bright. The stone is set in a platinum six-claw collet with beautiful leaf-shaped detailing in the gallery, leading to a slim platinum shank. Although IGI have described the cut as Round Brilliant, the diamond has many characteristics of an Old European Cut - slightly smaller table, cut cuilet, burnished girdle - making this a transitional cut (a very rare cut that bridged old European cut and round brilliant) rather than a modern round brilliant. Accompanied by a diamond report from IGI. Cut: Transitional Cut. Colour: E. Clarity: SI1. Carat: 1.18. Circa: 1950. Size: L (UK) or 5 1/2 (US). Free sizing available. Measurements: The diamond is 6.64 x 6.74mm and sits 6.15mm from the finger. Weight: 3.22 grams. Metal: Platinum. Tested with a Niton DXL Precious Metal Analyzer. Item # 213413S149

Internal Ref: 213413S149
