Description

This is one of the best Gueridon tables I have been fortunate to find. It is totally original condition with a wonderful colour and patination. The timber is walnut and the marble is a grey/brown that suits the table very well. It is the first table I have seen where the marble is inset with a walnut veneer boarder. A very high quality example. The table also has two small drawers with in it which again is a detail I haven't seen to often. Height 73cm Diameter 86cm Price includes UK mainland delivery
