Description

A good quality oak luggage rack dating from the early 20th century. It has a slatted top and stands on square tapering legs joined by stretchers. It is in good original condition with no major damages. There are signs of age and use and some light knocks and surface marks but nothing detrimental and the oak has a lovely patina. There are a couple of historic worm holes which have all been treated as a precaution and haven't affected the piece structurally or aesthetically. It has been lightly cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
