Date of manufacture: 1890

Dimensions

Height = 17.5 cm (6.9")

Width = 10 cm (3.9")

Depth = 9 cm (3.5")

Description

A very good example of a classic Henri Jacot carriage clock with push repeat. To the underside of the baseplate is stamped the serial number 8861, dating it to around 1890. The dial is in perfect condition with no cracks or blemishes, and the case has a beautiful glowing finish, having only just been re-gilded after coming into our shop. The glass is in excellent condition, with the exception of one tiny chip to the rear door glass next to the handle. The Jacot movement has been fully serviced and runs brilliantly, striking on a gong the hours and half hours, with the push repeat button to chime the most recent hour. A fine clock.

Internal Ref: CL-CA-1695
