Description

A rare 'jumbo' Seamaster Chronostop by Omega, a classic with black dial, all original hands, and case in great condition. Reference number 145.008 serial number dating it to 1970. The dial is in fine condition with an internal rotating bezel to the outer edge. A soft matte finish, bevelled, polished chrome hour batons, the sweep seconds hand is activated by pressing the top right pusher. The watch comes on a new Black & Orange sports leather strap which suits the watch well, especially with the orange hand at the center. The original, manually wound calibre 865 movement, runs smoothly and keeps accurate time, with the chronograph function resetting sharply, and can be both started and stopped by the upper pusher and reset.

Internal Ref: WA-OM-1679
