Description

Mid-size Elgin gold filled wrist watch, 1931. The watch has a seven jewel grade 485 hand-winding movement which is working nicely. The movement is fully signed and it has the serial number 32,964,926 which dates it back to 1931. The watch measures 25mm wide excluding the winding crown and 31mm high excluding the lugs. The case is 14k white gold filled and it is in good condition with just the odd minor mark, nothing serious at all. The inside of the case back is signed with the Elgin name. The lens is in good condition. The signed dial is in its original finish with original blued steel hands, sunken subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
