Description

A truly lovely antique yellow sapphire solitaire ring. The yellow sapphire in the centre – certified as natural, unheated and originating from Ceylon (Sri Lanka) – is a bright citrus yellow. The stone is secured in a four claw yellow gold collet and sits on a slim, knife-edge 18k yellow gold shank. Accompanied by a sapphire report from The Gem & Pearl Laboratory stating the sapphire shows no evidence of heating, and is Sri Lankan (Ceylon) in origin. Cut: Oval. Carat: 3.31. Condition: There is no external damage to the sapphire. However, it is worth noting that this is an old stone with a wonky shape which is why the stone doesn't look straight in some pictures. Circa: 1920. Size: L (UK) or 5 1/2 (US). Free sizing available. Measurements: The sapphire is 9.9 x 7.8mm and sits 6.1mm from the finger. Weight: 3.11 grams. Metal: 18k yellow gold. Tested with a Niton DXL Precious Metal Analyser.
