Description

A handsome Georgian style 8 day Longcase clock with smart brass dial. The well proportioned case is solid mahogany and has been well made and is in good condition. The 8 day movement strikes the hours on a bell and has a smart brass dial with subsidiary seconds dial. It is difficult to date but I would guess at early 20th Cent in the Georgian style. The case is in good condition and the movement is in working order. However this clock is offered as a trade sale, as is and with no guarantees. National delivery arranged at cost.
