Description

An extraordinary 19th-century carved walnut table/cabinet, probably Italian, featuring finely detailed drawer fronts with foliate motifs and sculpted female masks. The cabinet sits on whimsical carved tortoise feet and includes multiple storage compartments. A decorative gallery back, classical scrolls, and swag carvings add grandeur. Beautifully proportioned and richly patinated, this piece is both functional and highly decorative—ideal as a statement piece in a refined interior.

Internal Ref: 46712
