Description

A George V Deco era silver vesta case with clear hallmarks for Birmingham 1920 and makers mark for Samuel M Levi. This vesta is in excellent condition. It's design reflects the change in taste from the elaborate foliage designs favoured by the Victorians to the more streamlined look favoured in the Edwardian and George V 1920/30s eras. The vesta is made of plain smooth silver with alternating vertical engraved lines, all round. It has a vacant round shield for initials, which it seems we're never added. A good looking tactile item.
