Description

A very pretty solid sterling silver enamel and celluloid bookmark or page maker. It is hallmarked with the 935 silver standard, I would date it to c1920-1940 most likely made in Denmark or Norway. It has been beautifully designed with the terminal being enamelled. It is in superb condition being free from dings splits chips and repairs. It measures approx. 3.25 inches (8.2cm) long by 0.5 inch (1.2cm) wide and weighs 2 grams. A beautifully designed example.
