Description

A good example of a solid silver book form stamp case. It has a swivel hinge which allows the interior to swing out to access the stamps. It is a good quality piece and the interior has its original gilt lining. The outer case is engraved with swirling initials that look like T.J.W. There is a small loop on the side for attaching to a fob chain or chatelaine. It is hallmarked for Birmingham, 1914 and the maker Crisford & Norris. It is in very good condition for its age. There are some minor surface marks and general signs of age and use but no major damages and it displays well. The swivel hinge is strong and easy to use. It has been lightly cleaned and polished and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
