Description

A stunning apprentice or sample chest in oak that dates to around 1820. It has been constructed in a rustic country style with a deep rich brown waxed finish with wear and knot holes on the top which are commensurate with its age. With attractive turned handles and bracket feet.....very indicative of the period. Measures 15 inches wide, 19 inches high and 10 inches deep. A really nice item that would grace a period or contemporary setting. Postage to the UK is free. If you require a price to ship overseas.....please contact me for a quote.
