| USD \$150 | EUR 128

Item Reference: SA1138312

Date of manufacture: 18th Century

Description

This plate dates to 1785. It is approx 8 1/2 inches in diameter. The hand-painted detail is utterly stunning. The plate has at some point had a break and repair. However, from the front, this is barely noticeable and does not detract from the exceptional craftsmanship of both the potter and the artist decorating the plate.
