Description

This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is the Omega Seamaster from 1957 with calibre 501 fully automatic movement. It has a rare and totally original two tone cross hair dial which really stands out. It changes its tone as the light hits it from different angles. It has its original crown with the early flat footed Omega symbol on the winding crown. A new glass has been fitted and the case has been ultrasonically cleaned. As you would expect the watch is fully marked on the dial, movement and case. This is probably the best original dial two tone vintage Seamaster we have seen. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. The watch case measures 34mm in diameter not including the crown. The watch has been fully serviced and like all of our watches comes with a 12 month warranty. We can fit any colour or style of strap you prefer we keep most things in stock. We offer a highly personalised and bespoke service. If you would like to buy or reserve this watch please telephone us on 01726 813...
