## Description

Early 20th Century hand carved huge pine architectural model A well modelled early 20th century hand carved huge pine architectural model of a rooftop. Showing natural age and minor loss as shown. This example would have been used to display what a finalised building structure would have looked like in concept form. The entire model is shaped and carved by hand using small nails and naturally shaped pine sections to create this stunning sculptural object. Dimensions in inches: H 28" x W 35" x D 35" Age: Early 20th Century Origin: England Condition: Good In overall very presentable good solid condition, this item shows signs of wear and tear in the form of loss of surface detail, and fading of colour. We strongly suggest reviewing all the photos provided as part of this advert and propose questions where sections are unclear to avoid disappointment upon purchase. A direct message usually takes 24 hours to answer. For multiple years we have sold antique items globally, please expect our items to show relevant age and natural wear, Items only restored due to breaks and major loss, and we always stipulate this in our condition report.
