Description

A large and beautiful bronze horse which appears to be an original work of a horse about to rear up on its back legs. . Reminiscent of the style of Rembrandt Bugatti with heavily textured surface and the horse captured in an unusual pose, the hoofs almost submerged within the solid bronze base. . Perhaps a sculpture by an admirer of Bugatti. . Good dark patina with some lighter areas around the ears and muzzle where it has been touched over the last 100 years and the horse hoofs where these meet the base. . A really striking large and bronze sculpture and a probably a unique work of art. . . Dimensions are: . 14 inches high and 11 inches wide, The base 9 inches by 4.5 inches. . For metric please multiply by 2.5
