Description

This is a very RARE antique by Master Carver Luigi Frullini which is called Diavolini (little devil). There is a Bronze attached to the corner of Palazzo Vecchietti in Florence by Flemish sculpture Jean de Boulogne better known as Giambologna. The story behind it is quite fascinating. Luigi in 1876 was awarded the cross of the knights of the crown, the highest distinction of the Kingdom of Italy. He obtained commissions from Queen Victoria and the Grand Duchess of Russia.
