Description

A beautiful good sized stunning Swiss solid silver jug. It is hallmarked with 800 standard mark along with the Swiss maker of Jezler, a very highly regarded firm. I would date it to c1920s. It has been superbly designed being hand planished and is in superb condition having no dings splits or repairs. It measures approx. 5.75 inches (14.6cm) across lip to handle and over 2.25 inches (6cm) excluding them by over 2.75 inches (7.4cm) across the base by over 4.25 inches (11.2cm) tall to the rim and weighs 214 grams. A stunning example.
