Description

A late Victorian brass cased bulkhead marine barometer by John Barker & Co of Kensington, London; fully serviced and working c.1890. The polished brass case with cast bezel to the front. The glazed view window with central reading marker, the porcelain dial with weather predictions and makers name, sat over the aneroid movement. All sat on the original turned polished mahogany plinth with hanging mount to the rear. Bears the makers name John Barker & Sons, Kensington, specialist barometer and marine instrument maker. Fully serviced and in full working order, presented in immaculate condition. Keep up to date via Instagram - sturmansantiques. Measures 10.5" diameter x 3.5" deep. Postage and packing cost (tracked and insured) for this item is £14.00 for mainland UK. Please contact us for delivery abroad.
