Description

One of the most attractive baskets I have had in some time, decorated with a plethora of pierced work, beading and repousse or embossed work, really exquisite in both quality and in aesthetic appeal. The swing handle is decorated with a reticulated lattice design and the basket stands on a central highly decorative foot. Dating to around 1880, this wonderful English basket lends itself to a multitude of uses, fruit, chocolates, cakes, biscuits or bread ... put this beautiful gem to use! Excellent condition, measuring 12" in diameter and standing 10" to top of swing handle. Item ID: 33124 ———— FREE Worldwide Registered Airmail Directly From London, England
