Description

Antique silver Dimier pocket watch and chain. The watch has a Swiss 10-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover which has some unevenness. The watch measures 48mm diameter excluding the winding crown and the loop. The case is silver and there are hallmarks for London 1919, with a sponsor's mark for George Dimier of Dimier Freres. The case is in good condition, a little mark to the side, and a hint of unevenness to the hinged case back, but nothing too detrimental at all. The glass lens has a light scuff and a surface scratch but you have to look quite carefully to see them. The dial looks good to the naked eye. If viewed through a magnifying loupe, there are several very faint hairlines. The watch comes with single silver chain, 27cm long including the T-bar and the clasp. Hallmarked for 1909. Each of the links has the lion silver mark. Also included is a 1913 silver fob. The watch and chain come in a new presentation box.
