## Description

A rare 'Palissy' vase blue opalescent glass decorated all-over with snail shells. Signed R. Lalique France to the base. Circa 1926. A wonderful example and is fitted with a removable lighting kit with twin bulb, one which illuminates the inside and one on the outside. We believe this lighting kit is original to the piece, although can be removed and used as a vase if desired. The lighting kit has been fully rewired in period style braided flex and PAT safety tested.
