## Description

Gents 1950s Rodana wrist watch. The watch has a Swiss 15-jewel hand-winding movement which is working nicely. The movement is signed with the name Rodana, a brand name registered by the Swiss company Rodana SA in 1941. The watch is a good size at 35mm diameter excluding the winding crown and the handsomely shaped lugs. The case is chrome plated while the case back is stainless steel. There is some rubbing on the fronts of the lugs but overall the condition is good for a 1950s piece. The lens is in lovely condition. The dial is in its original finish. It is very faintly signed with the Rodana name. There is freckling across the dial. Original blued steel hands, a subsidiary seconds dial and outer minute markers. A later leather strap has been fitted. The watch comes in a new presentation box.
