Description

Ancient decorative late 19th century antique Ushak carpet with a reddish to pinkish tone background, with a teal blue toned border. Combined with yellows, oranges and green tones this open design is wonderful too. Which is why we love antique Ushak carpets, their open and large motifs in the design and palette make them decorative antique carpets to furnish with or build a scheme around. Wear and old restoration is apparent, no holes or major damage to hinder its use, this is an ancient looking carpet which holds immense charm and placing it in a room would add a feel it has lived there for the last 100 years. Woven over 140 years ago, please view the additional images to see the condition and colours up close. Please request a home visit to see this stunning antique Ushak carpet at home at a convenient time for you. You can choose a suitable day and time for us to visit, plus you can select other carpets to view at home from our website as well. We do not charge for this service we have offered to customers and interior designers for over 30 years.
