

SA1144210

Antique Edwardian Torsion anniversary clock

Price

GBP 380

| USD \$513 | EUR 445

Item Reference: SA1144210

Date of manufacture: 1900

Description

The clock is manufactured from Brass, it has an enamel face and it is enclosed under its original glass dome. Believed to be manufactured in Germany This is a 400 day clock Fully working and keeping good time It can be viewed in the shop. The reflection on the glass in the photographs gives a pink hue! However the glass is in superb "clear" condition , it's simply my poor photography skills.
