Price

Sold**Item Reference: SA1144318****Date of manufacture: 1910**

Description

A most unusual silver bookmark with a seal to the base, London 1910 makers mark Peter Henderson Deere. I think it could also be used as a letter opener. There is the most wonderful quote on one side by John Muir who was a renowned Scottish born American naturalist who was known as "The Father of the National Parks". There is a seal to one end and I think it may have had a ribbon or a chain attached. L 10 cm W 2.5 cm
