Description

Antique Rival full hunter pocket watch and chain. The watch has a Swiss stem-winding movement which is working nicely. The movement is stamped with the name Rival, a brand name registered by several different watch companies. It is all protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the gold plated Star model from the English case maker, the Dennison Watch Case Company. The case is in lovely condition. The winding crown pushes in to open the front cover. Inside, there is a glass lens which is in good condition, just a tiny nibble underneath the edge of the lens... some reflection showing in the photo. The dial is in lovely condition with blue steel hands, a subsidiary seconds dial and outer minute markers. The watch comes with a 35cm long chain. The watch and chain come in a new presentation box.
