Antique Sterling Silver Wishbone Toast Rack – Sheffield 1918 by Roberts & Belk

Price

GBP 385

| USD \$525 | EUR 449

Item Reference: SA1144597

Date of manufacture: 1910

Description

A delightful sterling silver novelty wishbone toast rack, hallmarked Sheffield 1918 and made by Roberts & Belk. Toast racks like this became popular in Georgian and Victorian Britain to help keep toast crisp by allowing air to circulate between slices. The five bars are modelled as stylized wishbones – a whimsical and rare design choice that elevates a traditional object into a conversation piece. Set on ball feet with a simple loop handle, the rack is both elegant and practical. Dimensions: 11.3 cm long x 5.3 cm wide, 7.5 cm high Gross Weight: 73.5 grams (2.36 oz) Condition: Excellent, with minor surface tarnishing and gentle handling wear.
