Description

Captivating 19th-Century Bronze Figure After Auguste Moreau - The Poacher's Triumph Magnificent 19th century bronze figure, a captivating rendition inspired by the work of the renowned sculptor Auguste Moreau. This beautiful piece portrays a young boy, the poacher, carrying his prized prey, set against a naturalistic base that echoes the beauty of the outdoors. This bronze figure is a homage to the masterful work of Auguste Moreau, a prominent French sculptor known for his ability to capture the essence of everyday life and human emotion in bronze. The sculpture tells a story of the young poacher, frozen in time as he proudly carries his captured prey. The narrative unfolds with remarkable detail, from the boy's expression to the intricacies of the wildlife captured in bronze. The piece is signed, bearing the signature of the artist who skillfully crafted this homage to Auguste Moreau. Standing at an impressive height of 56cm, this bronze figure commands attention and becomes a focal point in any space. The scale allows for a detailed appreciation of the craftsmanship and storytelling embodied in the sculpture.
