

SA1146214

Antique Omega pocket watch and chain, c1900

Price

Sold**Item Reference: SA1146214****Date of manufacture: 1900**

Description

Antique Omega pocket watch and chain, c1900. The watch has a stem-winding movement, confirmed as by Omega, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 51mm diameter excluding the winding stem and the loop. The case is nickel and it is in good condition, just a slight hint of unevenness to the back but not too detrimental. The inner case back has the early Omega logo. The acrylic lens is in good condition. The dial is in good condition with blued steel hands (one is a period replacement), outer minute track and subsidiary seconds dial. The watch comes with a single chain, 32cm long including the T-bar and the clasp. The watch and chain come in a new presentation box.
