Description

A good example of an oak barley twist standard lamp dating from the early to mid 20th Century. It stands on a round base and has a small centre table in the middle of the lamp with the twisted stem continuing above. It has been PAT tested and rewired to modern standards to take a standard bayonet bulb. The lamp is in good condition and the oak has a lovely patina. There are some signs of age and use but no major damages or anything detrimental and it displays well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers.
