Description

A great looking antique William IV mahogany leather top writing table / desk. This was made in England, it dates from between 1830-1837. It was made by the company of renowned cabinet maker Thomas Willson. It is stamped M. Willson inside the drawer, as the company was run by his widow Mary Willson and Son between 1830-1837. It is of superb quality, with bold turned and fluted legs, original brass casters and nicely turned mahogany handles. There is one central drawer, stamped with the makers mark, flanked by two dummy drawers. This has a gorgeous faded green inset leather top writing surface, with gold tooled edges. We have had this recently re-polished, the condition is excellent for its age. Width - 48 inches , 122 cm Depth - 23 inches , 59 cm Height - 30 inches , 76 cm Knee height - 24 inches , 61 cm
