Description

We are delighted to offer this exceptionally stylish antique pair of earrings made c.1920. The pair is crafted from solid 9ct gold and features a chic twin bamboo design. What is particularly delightful is the sculptural and three-dimensional element in which each section is raised, curved and presents an accurate lifelike design. Furthermore, owing to its tapering design and slender length, the pair move incredibly freely with liveliness upon wearing. A tremendously stylish and distinguished choice to pair with a variety of clothes or even with other naturalistic jewels, this pair makes for a wonderful addition or gift for the discerning jewellery lover and bound to be a conversation starter upon wearing. The pair is marked on the reverse side with a 9ct stamp. All of our jewellery come with a complimentary hard shell gift box with a velvet interior. Ready to wear out of the box: All of our pendants also include a thinner complimentary 9ct solid gold (modern) chain so that you can enjoy your newly acquired treasure straight out of the box.
