Description

A stunning, fine and impressive antique Edwardian 1.67 carat diamond and 18 carat yellow gold, platinum set bracelet; part of our diverse Edwardian jewellery collection. This stunning, fine and impressive antique Edwardian bracelet has been crafted in 18ct yellow gold with a platinum setting. The anterior face of the bracelet is embellished with a feature collet set 0.21ct Old European round cut diamond, encompassed with a pierced decorated floral head design accented with leaf motifs. The intricately scalloped bordered, lozenge-shaped feature link bears fifty-four pavé set diamonds, in a combination of Old European round and Dutch cuts. The central link is flanked to either side with smaller lozenge shaped links, each bearing a collet set Old European round cut diamond to the centre, encompassed with eighteen further pavé set diamonds. The anterior links are conjoined via individually collet set Old European round cut diamonds, completing the design. The links articulate via six platinum set curvilinear links, each conjoin with a plain bar link. This diamond bracelet secures with an integrated push fit clasp, and benefits from the additional security of a safety chain.
