Description

A small pine chest of drawers dating from the early 20th Century with an attractive later ebonised finish. It has four drawers, each with turned wooden knobs and it stands on tall turned feet. It is a nice small size whilst still offering plenty of storage. It is in good condition for its age and displays well. Each drawer is generally clean and tidy and opens and closes smoothly. There are some signs of age and use with light surface marks and minor knocks but nothing detrimental. They have been cleaned and given a light wax polish and are ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Nationwide delivery available through our network of reliable couriers.
