Description

A superb set of forty five volumes by Anthony Trollope, including "Society of London", all beautifully bound and dating from the late 20th Century. Anthony Trollope's "Society of London" refers to the portrayal of London society, its morals, and its social structures in his novels. His works often depict the lives of various social classes, including the aristocracy, the gentry, the middle class, and even the working class, examining their interactions and their struggles. Trollope's London is a place of both grand social gatherings and hidden inequalities, where ambition, wealth, and social standing are often paramount. The books are set in Monotype Bell by Speedspools Edinburgh and printed and bound in Great Britain at The Bath Press, Bath. Add this lovely collection to your library.
