Description

An excellent 'Arts & Crafts' wall clock by Zenith and a twist on the traditional dial clock. This timepiece was made by Zenith and features a superb quality Swiss, 18 day movement wound through the centre and on very nice domed solid Oak dial. The 12? dial is one piece and is in great condition with carved bezel, freshly polished, with chromed numerals and hands, chromed dots to mark the minutes and diamonds at the hours. This would have been made and sold some time between 1950 and 1960.
